How to place an order

Orders are placed by e-mail to info@joninn.com. In the e-mail we need the following information:

- What and how much you would like to order.
- Company name, shipping address, contact person and telephone number.
- For EU based companies we also need your VAT number.

We will quickly reply with an invoice for pre-payment. All our products are in stock, and we ship by FedEx the day after we confirm payment.

Shipping information

- By default, we will include FedEx shipment on the invoice, as quoted by the online FedEx system. If you prefer to use your own FedEx account for shipment, then you must give us your FedEx account number when placing the order.
- We cannot offer to ship by other shipping companies, this because it gives us an unacceptably high administrative overhead.
- We ship direct all over the world.

Payment information

- Payment by standard bank transfer or by PayPal. Payment details are listed in the invoice.
- Credit card payment is possible through PayPal.
